MARY AND JOHN.

Mary had a little lamb, its fleece was white as snow; it strayed away one summer's day where lambs should never go. Then Mary sadly sat her down, and tears streamed from her eyes; she never found the lamb because she did not advertise.

And Mary had a brother John, who kept a village store; he sat and smoked his pipe all day and watched the open door. And as the people passed along, and did not stop to buy, John still sat and smoked his pipe and blinked his sleepy eye. And so the brokers seized his stock, but still he lingered near, and Mary came to drop with him a sympathetic tear. "How is it, sister, can you say, why other shopmen quickly sell all their goods and merchandise, and seem to thrive so well?" Remembering her own bad luck, the little maid replied: "Those other fellows fatten, John, because they advertise."

## BLACK HAND

Thomas James Fears a Second Attempt on His Life

Cincinnati Times-Star.

"I want permission to carry a revolver."

That was the request made of Detective Chief Crawford Wednesday evening, by Thomas James, a Macedonian, but it was refused. He claimed that he was being pursued by the "Black Hand" and that threats had been made against his life. James identified himself to the Detective as the man who was shot some time ago at Maysville, Ky., by a man named Demetra Naoum, who is now in Jail at Maysville awaiting trial. James claims that since the shooting he has been threatened with all kinds of dire things if he prosecutes, so he asks permission to carry the revolver.

It developed from the story of James, who was accompanied by Attorney Orehough, that there have been threats by letter to other members of the Greek colony, in this city, by the "Black Hand."

James arrived in this city yesterday and accompanied by his brother and another Macedonian, visited the law office of Saltee & Slattery to consult with the County Attorney, who at the time was engaged in the Courtroom, but Commonwealth's Attorney Hennessey by chance happened to be present, and James in conversation with that gentleman ascertained him he would be here at the September term of Court and prosecute Demetra Naoum to the bitter end. He promised to have his witnesses here too; in that event replied the Commonwealth's Attorney, we will give Naoum ten years in the Penitentiary, the limit of the law.

The crescent glow of candle's light adorned the stately trees; the velvet grass a carpet spread the invited hosts to welcome, while sitting on her throne of beauty the elegant home was a diadem of brilliancy to extend the hospitalities of warm greeting and true delight. The Hoeflich reception, which followed the Commencement exercises of Miss Gordon's Training School, was a splendid climax to so erudite and finished a scene as that enacted at the Opera-house. Streetcars conveyed the 200 guests to the suburban home, where all that go to make life happy—sweet flowers everywhere, a stringed orchestra in the rear hall, soft lighted alcoves, lantern strung paths, myriad bulbs of electric brilliancy, sweet girls dispensing delicious beverages and modams the more substantial edibles while the toiletted hostess and her coterie of friends gave the formal welcome. In this line were Mrs. Randolph K. Hoeflich, Miss Gordon, Mrs. Judge Davis and Miss Davis of New Richmond, O., Mrs. John Barbour and Mrs. William McDonald of Chicago.

## Summer Comfort.

Just think, you can make an extra room of your porch, the coolest, most serviceable room in your home, too? VUDOR PORCH SHADES make this possible; they keep out the hot sun, but admit the cool, refreshing breeze. They give absolute privacy, for no one can look through them from the outside; yet they are so constructed that from the inside you can see all that goes on without. They can be instantly raised or lowered with very little effort. A practically indestructible device, operating on the principle of a theater curtain, accomplishes this. They are light but exceedingly durable, being constructed of thin strips of Linden wood fiber woven with the strongest seine twine. Vudor Shades are artistic in the extreme; stained in soft colors that rest the eye and harmonize with any style of architecture. The colors are absolutely indelible and will neither fade nor crack off.

## Perfect Womanhood

The greatest menace to woman's permanent happiness in life is the suffering that comes from some derangement of the feminine organs. Many thousands of women have realized this too late to save their health, barely in time to save their lives.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headache, bearing-down sensations, nervousness, irregularities or the "blues," she should start at once to build up her system by a tonic with specific powers, such as

## Lydia E. Pinkham's Vegetable Compound

the great woman's remedy for woman's ills, made only of roots and herbs. It cures Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and all Organic Diseases, and is invaluable in the Change of Life. It dissolves and Expels Tumors at an early stage. Subdues Faintness, Nervous Prostration, Exhaustion, and strengthens and tones the Stomach. Cures Headache, General Debility, Indigestion, and invigorates the whole female system. It is an excellent remedy for derangements of the Kidneys in either sex.

## BRILLIANT SUCCESS

Fifth Annual Commencement of Miss Gordon's Training School a Notable Affair

Delightful Program at Washington Theater Last Evening

Another successful year of Miss Gordon's Training School came to a close with the Commencement exercises last evening, held at Washington Opera-house.

Miss Gordon opened her private school in Maysville in the fall of 1902, and each year she has met with merited success, her splendid ability as a teacher being widely known.

Her Commencements are of special interest, and a magnificent audience was at the Opera-house last evening to greet the class of 1907 and to pay just compliment to the teacher and to those who were to take part on the program.

Miss Gordon has a way of varying her closing exercises, omitting in many instances the usual essay and substituting in place some delightful recitation or literary offering, thus giving the program a charm that would otherwise be lacking.

Along with book knowledge her pupils are taught to acquire themselves most creditably for any style of work when their graduation time comes.

The class of 1907 was composed of five young ladies and one young gentleman—Misses Florence Adair Tuggle, Ethel May Bryant, Lucy Ranson Baldwin, Helen Cone Newell and Mattie Miller Dooley, and Mr. Robert Nelson Hoeflich, the latter most decidedly, in this instance, "The Only Pebble on the Beach."

The program was as follows:  
Invocation.....Rev. W. W. Akers  
Musio.....Orchestra  
Oration—"The Only Pebble on the Beach," Robert Nelson Hoeflich.  
Recitation—"Grandfather's Rose," Florence Adair Tuggle.

Musio—La Dove Prende (Magic Flute). Mozart  
Miss Wadsworth.  
Essay—"The world is so full of a number of things."  
I'm sure we should all be as happy as Kings."  
Ethel May Bryant.  
Recitation—"The Coming Out of Miss Cummings".....Russell  
Lucy Ranson Baldwin.  
Music—Jewel Song (Fanet).....Gonno  
Miss Wadsworth.  
Recitation—"The White Cow,".....  
Helen Cone Newell.  
Essay—"Souvenirs,".....Mattie Miller Dooley  
Music—"An April Morn'".....Batten  
Miss Wadsworth.  
Presentation of Diplomas, Scholarships and Medals.....Dr. John Barbour  
Accompanist.....Miss Barbour

The selection of each member of the class was marked with individuality, and especially adapted to the style of the pupil, and this part of the program was very much enjoyed.

Miss Gordon was fortunate in securing Miss Florence Pearce Wadsworth for her Commencement, and the selections of Miss Wadsworth brought forth the unbounded enthusiasm of the large audience. She was never heard to better advantage, and responded gracefully to the accolades of her hearers.

Before the presentation of the diplomas Hon. W. H. Wadsworth, Chairman of the Advisory Board of the School, spoke briefly as to the work which had been done in years past, and paid just compliment where it was due.

Dr. Barbour was chosen to deliver to the graduates their diplomas, taking opportunity to speak a few words of encouragement and admonition. In addition to the diplomas Miss Bryant won a scholarship to State College, Lexington, and Miss Newell one to Georgetown College, each of the pupils doing excellent class work during the past year. Miss Mary Crawford was awarded the medal for the highest general average in her work, the prize being offered by Judge Thomas R. Gordon of Louisville, the brother of Miss Gordon.

The graduates were laden with flowers and presents as tokens of good will on the part of their friends.

Another successful year of Miss Gordon's School has passed into history, with many bright hours to live in the memories of Teacher and pupils.

The utility and the efficiency of Maysville's institutions of learning were never more effectively illustrated and emphasized than at the exercises last evening.

Proud indeed must have been Miss Gordon as she witnessed the living results and the fruits

of her months of patient labor and able direction industriously given to each pupil arrayed before her upon the stage. The large audience attested its approval of the essays and the entire program by liberal and hearty applause, all of which was directed to the able instructress as the master mind behind the scholars and graduates.

There were so many varied and pleasing features on the program that there was never a dull moment during the two hours which it consumed.

Miss Wadsworth never looked nor sang better, and her three numbers and several encores rendered so beautifully, mastered the approval and deep attention of the big audience which was proud to claim her as the sweetest singer in Kentucky and whom she honored for her exquisite talent. Miss Elizabeth Barbour, who presided at the piano, is gaining renown at every appearance by her delicate touch and masterly playing, and as an accomplished pianist, she now ranks at the head, and her exquisite talent is fully recognized by all who hear her.

As a token of their regard and esteem, the graduating class presented Miss Gordon with a beautiful pearl crescent pin.

A gang of hoboes dropped off a C. and O. freight train last evening and lovested the city for about 12 hours. They were driven out of town this morning by Policeman Senteney.

## KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing—but don't make your "kick" too long—it's the short, quick fellow that counts—and cut.

THE NAME OF THE KICKER MUST accompany the kick, or it'll be kicked into the waste-basket.

ANENT THE "DIGGERS."

Editor Ledger: Years ago I began war on the eye-sore and noxious market-house that occupied the site of the present Esplanade. The fight was finally won; the Esplanade and Fountain, with pretty shade-trees, followed, all at an expense of several thousand dollars. It was the one oasis in all the city that the public could call its own. The mistake was in planting a short-lived tree in soil that had not been properly prepared.

It is suggested now to abandon the Esplanade—to dig it up, brick it over and maybe build a horse-rack on its site.

Well, let'er-go-galleger! But before you do this, maybe you'd best find out whether or not the extra width of that part of Market street will not revert to the property-holders on either side when you do it. Suppose you "dig down" into the records before you "dig up" the Esplanade.

## SOCIETY OF EQUITY

Have a Million Pounds of Tobacco in Its Mason County Warehouse

The Mason County Society of Equity is sawing wood, saying nothing and pursuing the even tenor of its way. At the same time it is doing business at the old stand on an enlarged scale.

Up to date over 5,000 acres of 1907 crops of tobacco have been signed with the Mason County Board of Control, and farmers are almost falling over themselves climbing into hand wagon while the tail board is down.

At the rate crops are being signed it will not be many weeks until the entire growing product for 1907 will have been placed in the pool.

THE LEDGER is authentically informed that already several independent Tobacco Factories have written headquarters of the Burley Tobacco Society at Winchester, asking for samples and prices and from what points tobacco can be shipped.

The tobacco trusts have evidently tumbled to the fact that the American Society of Equity is master of the situation and control the output of all the burley tobacco now in the market.

The Board of Control Warehouses in this city contain approximately a million pounds of choice tobacco.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that it fails to cure. Send for list of testimonials.

## RATE LAW

## Ruling Ignored—Monon Railroad Will Continue to Issue Passes to Editors

The Monon railroad ignores the interpretation upon the rate law by the interstate commerce commission and continues to pay for its advertising in transportation.

The Mobile Register understands that several

of the roads in the South are preparing to follow the Monon example in the belief that the commission has no legal right to interfere in a business arrangement between a railroad company and a newspaper when such arrangement has absolutely no influence on any other provision of the act regulating railroads.

One of the local companies of Mobile, which withdrew all passes outside its own employes, has given an order to a printer for a sufficient number of certificates to meet the mutual business arrangements of exchanging advertising space for transportation.

## Danderine

GREW MISS CARROLL'S HAIR

AND WE CAN

## PROVE IT

## Beautiful Hair At Small Cost.

WITHIN the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been delving for the cause, the foundation, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be located. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural and logical thing to do in either case is, feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

## Dr. Knowlton's DANDERINE

is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One twenty-five-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself. Now on sale at every drug and toilet store in the land. Three sizes, 25c, 50c and \$1.00.

FREE To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

## TOBACCO ADULTERATION

Colored Brown Paper Sold For Fine  
Cut and "Bull Durham" Con-  
tains No Tobacco

The following remarkable statement is clipped  
from "The Modern Grocer" of May 18th, 1907:  
"In a recent issue of a Milwaukee publica-  
tion styled The Cigar Manufacturer, there ap-  
peared the following dispatch under a Wash-  
ington date line. Copies of the publication  
in which it appeared have been in big demand  
and requests for them have come from members  
of the trade in all sections of the United States,  
says Tobacco. The dispatch read as follows—  
"Washington, D. C.—The President called  
his Cabinet together this afternoon to consider  
Trust prosecution by the Government. The  
Government will begin proceedings at once  
against the Tobacco Trust. The food depart-  
ment some time ago analyzed several brands of  
tobacco.

"The kinds known as Lucky Strike and English  
Curve Cut were found to contain 40% tobacco  
and 60% fine cut brown paper. Bull Durham  
contains no tobacco, but is 100% finely chopped  
brown paper soaked in tobacco stems, juice  
refuse. Duke's mixture is only 10% tobacco.  
The "tobacco habit" is wrongly named. It  
should be known as "the straw board habit."

## HOUSEHOLD CARES

Tax the Women of Maysville the Same as Elsewhere.

Hard to attend to household duties  
With a constantly aching back.  
A woman should not have a bad back.  
And she wouldn't if the kidneys were well.  
Doan's Kidney Pills make well kidneys.  
Here is a Maysville woman who endorses this claim:  
Mrs. Lizzie Bridges, of 206 West Third street, Maysville, Ky., says:  
In March, 1900, I gave a testimonial recommending Doan's Kidney Pills and in it I told how I learned the great value of this remedy. I had been troubled with a bad back and weak kidneys from girlhood and in my efforts to find a cure tried every medicine I could find but without benefit until I began using Doan's Kidney Pills. They proved just the remedy I needed. They went right to the cause of the trouble and as a result brought relief that led me to testify in their favor. I have never been without Doan's Kidney Pills in the house since. Every spring I take a box whether symptoms of kidney trouble are apparent or not, and in this way keep the kidneys in good condition and guard against attacks of my old trouble.  
For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.  
Remember the name—Doan's—and take no other.
